

Water Bottle Shaker Craft

Here's a colourful and quieter variation on the typical bead bottle shaker craft. Add water to make a water bottle shaker craft. It's more interesting to watch and most importantly, easier on parents' ears.

Materials:

- plastic water bottle with cap
- water
- beads
- markers

Directions:

1. Wash and dry the bottles.
2. Decorate the outside with markers. Draw trees, flowers, fruit, rainbows, whatever you like.
3. Fill bottle about 1/3 the way with water.
4. Add some beads.
5. Screw on the cap.
6. Shake and watch the beads splash and dance around.
